

## Admissible materials and rules of publication

Materials are accepted to publication if they have been never published before in Russian language (including on-line editions and media). The authors whom materials are accepted to publication are invited to a regular contact with the editorial board via e-mail for the solution of organizational questions and the distant editing. We ask the authors who decided to transfer their materials accepted to publication to another edition, to inform the editorial board on this without delay.

Please send your works in electronic form.

## Reviewing

The editorial board makes reviews of all received materials that correspond to the edition's subject area for the purpose of an expert appraisal of them. All the reviewers are specialists in the subject area of the examined materials. The reviews on the arrived materials are kept in the editorial office for 3 years. In case of refusal to forward the material to review, the editorial board sends a motivated answer.
